

ApartmentLove to Acquire Canadian FinTech Pioneer Processing Over \$750 Million in Annual Transaction Volume

FOR IMMEDIATE RELEASE

TORONTO, ON (June 26, 2023) - ApartmentLove Inc. (CSE: APLV) (OTCQB: APMLF) (“**ApartmentLove**” or the “**Company**”), a leading provider of online home, apartment, and vacation rental marketing services to property managers, owners, renters, and vacationers from around the world is pleased to announce the signing of a non-binding Letter of Intent (the “**LOI**”) to acquire a pioneer in the Canadian Financial Technology (“**FinTec**”) sector (the “**Proposed Transaction**”).

A leading architect of the “pay your rent online” movement, the target company counts approximately 50,000 renters as monthly recurring payees, digitally distributing rental payments to property managers and apartment building owners and operators across North America.

Further underscoring management’s resolve to consolidate the internet listing industry, successfully completing the Proposed Transaction will significantly enhance the Company’s service offering as a compliment to the Company’s marketing business while creating a recurring touchpoint with renters as they pay their rent each month, along with several other ancillary services. Earning a fee for every processed transaction, the target company has a stable of long-term sales contracts and a history of revenue generation. “Integrating their software into our numerous PropTech businesses makes great sense for our property management and rental customers,” said Trevor Davidson – President & CEO of ApartmentLove.com.

Based on information received by the Company from the target company, in addition to the target company having approximately 50,000 monthly recurring users of its FinTech software, the Proposed Acquisition would include approximately 150 property managers, including some of the largest and most respected in North America, processing over three quarters of a billion dollars in annual transaction volume.

Subject to the Company’s due diligence process and other customary closing conditions for transactions of this size and nature, and the execution of the definitive agreement in connection with the Proposed Transaction, the Company expects the Proposed Transaction will close in Q3/2023.
